Greetings Triton Families!

Happy new academic year to you all! How the summer has flown! I sincerely hope you had a great summer filled with amazing fun and memories. Now, it’s time to get ready for the new year, and there is so much already going on to prepare your student and so much to learn to inform you. Please take the time needed to read through the newsletter. I would like to highlight a few things. First, if your student is living on campus, read about Move-In and further be informed by visiting the housing website. Remember that your student is receiving all the notifications from UC San Diego. Ask them what they have received so far. And if they have not viewed their UC San Diego email, they should do that right away. Second, read about billing and other financial aid information on page 4. Should it make life easier, talk to your student about becoming an authorized payer to stay abreast of certain billing deadlines. Third, remember that The Parent and Family Guide and the Triton Transition Calendar – created by our office – are great materials to know more about UC San Diego. Stop by the websites to access the online version of the Parent and Family Guide and to order your calendar. If you’re new to UC San Diego, consider attending a Summer Send-Off event in your area - the Bay, Los Angeles, Orange County, Sacramento, Minnesota, or San Diego, Sept 12 or 13. This is a great way to meet families and students living in your area. Lastly, join us for the 8th Annual Family Weekend, October 16-18. Register by October 1! During your visit, stay at one of Bartell Hotels’ seven beautiful San Diego hotels. We hope to see you here!

Director, Parent & Family Programs

Get Ready for Family Weekend, October 16-18!

Family Weekend is coming up and we’re excited to welcome new and returning families to the UC San Diego campus! Family Weekend is a fun-filed weekend and an opportunity for you and your student to reconnect and experience UC San Diego together. You will have the chance to sit on classes, join our outdoor adventure activities, attend Comedy Night, attend College Connections, see a variety of Triton Education Sessions, enjoy a night under the stars at the San Diego Zoo, partake in a community service project, and more! A full schedule of Family Weekend events. Register today! We look forward to seeing you!
Preparing Your Student to Move into the Residence Halls

Students’ Housing Contract begins Saturday, September 19, 2015; they should refer to their Welcome Letter for pertinent information about the move-in process. Welcome Letters from each of the six Residential Life Office were sent in mid-August. In this Welcome Letter, students can find information about move-in week, things to plan on and where they can check their room assignment and roommate information. Students should contact their respective Residential Life Office should they have any questions.

Helpful Tips for The Village Move-In

Saturday and Sunday are Move-In days for undergraduate students. This means there are over 12,000 students and parents coming to campus during those days. With that in mind, please expect “Los Angeles style” traffic congestion. To try and dissipate it, designated move-in dates and times have been assigned to students. Traffic control will be handled by UC San Diego Parking Office; they will direct students and parents to 30 minute loading zones. Even with these precautions, please be prepared for a long wait.

What to do to make it easy:
- Stick to your assigned move-in date and time.
- Bring students “Quick Pass” on http://hdh.ucsd.edu/housing/myroomassignment.asp and student ID or government issued ID.
- While the student is getting keys in Village West Building 2, friends and/or family can check out a shopping cart and start unloading.
- Unloading items: You have 30 minutes to unload items from the car. Parking will be strictly regulated. Stick to the time. Long unloading may result in a parking ticket.
- Once you have unloaded, limited parking will be available at Hopkins Parking Structure, Pangea Parking Structure, across the street on Torrey Pines Scenic Drive.
- Once unloaded, help your student get settled in. That’s it—You survived move-in.

Getting to Know UC San Diego

As a top-ranked research university, UC San Diego offers undergraduates an array of learning experiences—from classes with award-winning faculty and career panels with industry professionals, to leadership programs and service-learning activities. Yet, navigating the campus and its resources can be a challenge for new students. That’s where the First Year Experience course comes in.

Launched in fall of 2014 with a pilot group of 472 freshmen, the First Year Experience (FYE) course is a 2-unit class designed to help students make the transition to UC San Diego and optimize their undergraduate experience. Weekly lectures and small group discussions cover topics such as communication skills in the classroom, choosing and committing to a major, finding research opportunities, engaging with faculty members and much more.

“First Year Experience courses are well established as a best practice on college campuses across the country,” said Allan Havis, chair of the FYE Advisory Group and provost of Marshall College. “Research indicates that students who complete a First Year Experience course are more positively challenged academically, more likely to engage in collaborative learning activities, interact more frequently and confidently with faculty, and perceive their campus environment as being more supportive.”

When school starts this fall, 700 freshmen will participate in the FYE course. In addition, some 370 transfer students will take the new 2-unit Transfer Year Experience course. Similar to the FYE program, the transfer series will cover themes including academic success strategies, personal wellness and campus and community involvement—while speaking to the unique experiences of transfer students.

One benefit of the FYE program is that students learn from faculty as well as undergraduate peers. Third and fourth year students are trained to serve as discussion leaders and mentors. While the upper division students gain valuable leadership and teaching skills, first year students have the advantage of learning from undergraduates who know firsthand what it’s like to be new to UC San Diego.

“Student feedback has been very positive,” said Sophia Davidson, FYE coordinator. “Students enjoy the instruction, guest speakers and discussion leaders. It really is a valuable opportunity for new students to get to know both the university and their college.”

The First Year Experience course is a collaboration of all six colleges and is supported by the Council of Provosts and the Parents Fund. At UC San Diego, the Parents Fund helps to build and maintain campus resources that make the difference between a good college experience, and an outstanding one. To learn more about how the Parents Fund impacts your student’s education, and to make a gift, visit parentfamilygiving.ucsd.edu, call (858) 534-7424 or email parentfamilygiving@ucsd.edu.

Students Interested in Study Abroad?

Is your student thinking about study abroad? Consider this: students who study abroad from UC San Diego graduate faster than those who don’t. Why? Because they are planning earlier and are committed to their four-year plans.

Study Abroad, UC San Diego can help your student find the program that matches his or her academic, career and personal goals. They can also advise students on the cost of programs and how to navigate funding options for programs. Quite often, study abroad costs the same or less than it does to studying at UC San Diego!

Tell your student to look for the Study Abroad Office during Welcome Week September 19-26, at his or her department orientations, or once the quarter begins in the International Center. Information sessions run weekly in the Fall Quarter. Check out the website at studyabroad.ucsd.edu/
Money Matters: Check All Required Documents

Fall Quarter 2015 registration fee payment deadline: **Friday, September 18, 2015.** Fall quarter remainder funds for direct deposit will be available beginning **Thursday, September 24, 2015.** If your student did not sign up for direct deposit, remainder checks will be mailed beginning Thursday, September 24.

**To make sure your student’s financial aid is available to pay his/her fees, your student should:**

- Regularly check the TritonLink Financial Aid Checklist to view and/or complete requested items or actions.
- Frequently review [UCSD e-mail account](mailto:financialaid@ucsd.edu) for messages from the Financial Aid Office.
- For accepted loans, make sure all the required paperwork and the TritonLink loan counseling session have been completed. Questions about Perkins Loan or University Loan required paperwork can be directed to Student Business Services at studentbusiness@ucsd.edu.
- See additional disbursement requirements to make sure these have been met.
- Student’s UCSD account will be credited once your student has enrolled in Fall Quarter classes. Wait-listed classes do NOT count as enrolled units.
- **Review the Fall Quarter billing statement** beginning September 2 to make sure financial aid has been applied to his/her UCSD account. Please note that Direct Loan funds will not be credited to student accounts until September 15 due to Federal regulations. However, pending Direct Loan payments will be calculated into the current online balance on TritonLink.
  
  **Billing Statement Tip:** Access the "Current Account Activity" tab on TritonLink bill for up-to-date account activity.
- **Sign up for direct deposit** by **Tuesday, September 1** for your student’s Fall Quarter remainder funds to credit his/her bank account at the beginning of Fall Quarter, starting September 24.

Student ID Card Distribution Updates

Students Living On-Campus:
Students who have submitted their photo using our online tool and received an approved photo notification will obtain their ID card from their Residence Life Coordinator on Move-in Day (September 19, 20). Students must bring a valid form of identification, such as a license or passport when retrieving their card. Students who did not submit their photo using the online tool or have not received an approved photo notification, can visit the Campus Card office to obtain their card on or after Move-in Day. Instead of the ID card, students will receive an index card from their Residence Life Coordinator. Students will bring the index card to our office to obtain their ID card. Provide a PID number and a valid form of identification such as a license or passport. The photo will be taken when you visit the office.

Students Living Off-Campus:
Students will visit the Campus Card office to obtain their card starting September 14. They must provide their PID number and a valid form of identification such as a license or passport. Students who did not submit their photo using the online tool will take their photo when they visit the Campus Card office.

Alcohol: Keep the Conversation Going

A message from Karen Calfas, Executive Director of Student Health and Well-being:

Have you heard that drinking in college is a rite of passage or that parents lose all their influence once their child enters college? Your lifelong relationship with your son or daughter does not end when they go to college; on the contrary you still have tremendous influence over the decisions they make. Research shows that open, two-way communication between parents and their sons or daughters can reduce students’ drinking. You still have more influence than you may realize.

Students, staff and even parents often over estimate alcohol use. At UC San Diego, most students who choose to drink, drink responsibly, and many students choose not to drink at all. There are some students who do engage in heavy, risky drinking, but they are not the majority. As the fall quarter begins, this can be a good time to talk with your daughter or son about the consequences of excessive drinking - physical, academic, legal. Hopefully you have already had conversations about alcohol use and your expectations, but this is not a one time conversation. Keep those conversations going…

Ask about social events, friends, academics, campus alcohol policies, and roommates. Listen to your son or daughter in a non-judgmental manner. Try to keep an open mind about situations they may share. Ask open-ended questions that require more than a yes or no answer. Ask about their friends; they may be more likely to share what their friends are doing than their own behaviors, but this gives you another opportunity to have a conversation about healthy decisions and behaviors.

This year, we will again offer TritonFest, a series of late-night, blockbuster, fun social events on the Friday and Saturday of the first 5 weeks of school. Ask your son or daughter if they are going, if they had fun, who they hung out with. It’s just part of keeping the conversation going. This is such an exciting time for your daughter or son, I’m sure they will look forward to telling you all about it.

UC San Diego Recreation: #GetRecd

With the increasing pressure of academics, many stressed-out students forget the importance of recreation for physical and psychological well-being. UC San Diego has one of the largest Recreation programs in the nation. Find out all the ways your student can get involved in these great programs – whether it be toughing the wilderness with Outback Adventures, getting competitive and meeting new friends on a Sports Club or Intramural team, getting in shape with FitLife, or learning a new skill with Rec Classes...there is something for everyone! Fall registration is now available online at recreation.ucsd.edu and in person at any of the facilities. Make sure to check out the FREE Student Personal Wellness Program offered to current UCSD students. The duration is eight weeks and each week is a different topic/workout. A personalized workout is designed for each participant at the end of the class. Classes start the first week of fall quarter. Your student can register online.
